Monochromatic color schemes (made up of the various tints, tones, or shades of one color) are extremely versatile. While this palette may not qualify as monochromatic according to the technical definition, for visual purposes, it creates a similar effect. With a color as multipurpose as blue, this combination could be used just about anywhere.

The Mustang was designed originally to be used with the Allison V-1710 engine - making it a very good aircraft. When the B & C models were made of the P-51, they added a Rolls Royce Merlin engine and this completely transformed its performance at high altitude (15,000+ feet) which meant it matched or even bettered that of the Luftwaffe's fighter jets.

Canto VII. In addition to paintings, Newman also created etchings and lithographs, such as the series 18 Cantos (1963-64). The Cantos are his only print series executed in color, and Newman spoke of them using musical analogies; "their symphonic mass lends additional clarity to each individual canto," he wrote in an introduction to the series, "and at the same time, each canto adds its song to ...
