## **CodeCentral - Embarcadero Website**

Delphi is very expensive and there is no free version. Even compiler is not free and that practicaly eliminates Delphi as tool for open source development. And one thing that contributed far more to that slow declining is Delphi .NET compiler, Borland and later CodeGear put much effort in that product but that was big big mistake.

## **What happened to Borland Delphi? - Software Engineering ...**

Borland released the latest versions of Turbo Delphi and Turbo C++ in 2006, building on a history of products that began with Turbo Pascal. Delphi and C++Builder live on today at Embarcadero Technologies with new versions that offer capabilities far beyond those previously available in the Turbo editions.

Object Pascal alapú negyedik generációs (4GL) integrált fejlesztői környezete, amely a VCL, a vizuális komponensek könyvtára segítségével kifejezetten magas szintű és hatékony fejlesztést tesz lehetővé.

### **Delphi (fejlesztőkörnyezet) - Wikipédia**

Legadero: In October 2005, Borland acquired Legadero, in order to add its IT management and governance suite, called Tempo, to the Borland product line. Codegear: On February 8, 2006, Borland announced the divestiture of their IDE division, including Delphi, JBuilder, and InterBase. At the same time they announced the planned acquisition of Segue Software, a maker of software test and quality tools, in order to concentrate on application life-cycle management (ALM).

### **Borland - Wikipedia**

When capturing the output from the compiler (I have tested as far back as Borland Turbo Pascal 5.5 through 7.0, Delphi 2.0, Delphi 5.0, and Delphi 2010 and Delphi XE), there is a strange behavior that does not show up when allowing the output to go straight to the DOS Console.

### **Borland/Inprise/Codegear/Embarcadero Pascal Compiler Issue ...**

Old languages like Pascal need new features just like new languages like Java and C#. But Borland/CodeGear lost so many gurus along the path (Andres, Chuck, and Danny), so it is really hard to bring something new and useful in every release (generics is the best feature in Delphi 2007 for .NET). Also maintaining two compilers is not easy.
