Sure, you can take advantage of a pantry, basement, or extra closet if you have one. But if you have an attic with plenty of space, you can use that too. However, heat rises, and air circulation isn't typically ideal in an attic space, which means temperatures inside of an attic frequently reach three digits during the summer.

Pre-19th century. There are some unsourced claims that a perpetual motion machine called the "magic wheel" (a wheel spinning on its axle powered by lodestones) appeared in 8th-century Bavaria.This historical claim appears to be unsubstantiated though often repeated. Early designs of perpetual motion machines were done by Indian mathematician-astronomer Bhaskara II, who described a wheel ...
