36 Current guidelines in peritoneal dialysis - Part II Ana Carina Ferreira^{1,2}, Andreia Borges^{3,4}, Cristina Pinto Abreu⁵, Fernando Teixeira e Costa⁶, Marta Pereira⁵, Rui Castro⁷, Sara Barreto⁶, on Behalf of the Peritoneal Dialysis' Study Group of the Portuguese Society of Nephrology (annex 1)

Current guidelines in peritoneal dialysis - Part II

Among 584 older patients on dialysis, 61% regretted starting dialysis, and over one half reported choosing dialysis over conservative management due to their doctor's wish . Other studies have found that patients want more balanced information about treatment options, including conservative management, even when options seem bleak (3 , 19 , 37 , 38).
