Fog Light Installation Guide 2008

Install the fog light on the bumper:

- Loosely install the left fog light trim to the bumper using two black 5 x 16 mm self-tapping screws through bracket D.
- Slide bracket B from the fog light assembly under the two black 5 x 16 mm

Access Free Fog Light Installation Guide 2008 Toyota

self-tapping screws,
then install the two
silver 5 x 16 mm
screws through bracket
C and into the spring
nuts of the fog light
trim.

My question is, the
aftermarket light
switch is a push button
which is not like the
OEM one. There is a
"dummy" button to the
right of the steering
wheel and I beleive

Connect them to the matching black ground wires running out of the back of the fog lights, then connect them to an unpainted section of the vehicle frame. Connect (white) power wires together with the matching (white) power wires from each light. After that, connect them to the Y-shaped (white) power wire that's had the other end of it run inside the vehicle.
