Unfortunately, the Bendix King KN-63 install manual does not have this information (at least the 2004 revision does not). I've tried to craft the 337 to make reference to ICA information based on similar navigation equipment but the FSDO inspector would like something specific to the KN-63 that has been documented and approved somewhere.

Honeywell BendixKing KN 62 Manuals

The King KN-64 DME represents a compromise between the KN-62 and KN-62A DMEs. It is a current production model, like the KN-62A, but typically sells for roughly the price of a KN-62 (check current prices). The trade-off is that the KN-64 is a less powerful model than either the KN-62 or KN-62A.

KN-64 DME - Bennett Avionics

Models available with an indicator to show whether the KDI 572/574 master control is in NAV 1, NAV 2, or DME HOLD mode. The compact KDI 573 takes up a minimal amount of cockpit space. A light-sensing photocell provides automatic dimming for the gas charge display. Available with 28 or 5 VDC lighting. Use with the KN 63, KDM 706, KDM 706A, or ...
