The Logic Of Internationalism Coercion

Internationalism is the view that institution-building and peaceful cooperation will make peace and security prevail in a system of independent states. This book examines this controversial topic and discusses whether such a view is realistic or whether international relations are typically characterised by tension and war.

coercion, and child soldiering+ The results illustrate how important it is for advocates, policymakers, and military leaders ~domestic or international! to understand the internal logic of armed groups—between leaders and recruits, and leaders and civilians—when setting policy, and suggest new approaches for norm enforcement

International Organization - Chris Blattman

Internationalism is all about global equality, it is based on the idea that cooperation between people and movements in different countries. Internationalism is an ideology that centres on the idea that cooperation among countries promotes common good for all in political, social and economic terms.
